- Business Intelligence: Amazon QuickSight, Power BI, Data Visualization
- Cybersecurity: Threat Management, Vulnerability Assessment, Network Security, Incident Response, Security Information and Event Management (SIEM) tools
- Tools & Platforms: AWS Basics, Jira, MS Office Suite, Google Workspace
- Core Competencies: Process Automation, Root Cause Analysis, SLA Management, Stakeholder Management

PROFESSIONAL EXPERIENCE

Digital Content Associate - Data & Operations Amazon - Kindle Operations,
Chennai, India Aug 2022 - Nov 2024

- Mentored new team members by transferring knowledge on audit workflows, dashboard usage, and defect tracking systems.
- Resolved critical publishing bottlenecks by documenting use cases and collaborating with all team members, preventing future quality issues with greater attention to detail.
- Automated reports with Python/VBA, which significantly reduced manual work, human errors, and delays.
- Improved team SOP compliance through regular Knowledge Management Test (KMT) assessments and SOP updates, ensuring high-level quality and team awareness.
- Collaborated with engineering teams to manage data overloads by raising tickets and clearing backlogs, ensuring efficient time management and a streamlined workflow.
- Actively participated in and organized company events and team-building activities, fostering a fun and collaborative community within the organization.

INTERESTS & ACHIEVEMENTS

- Martial Arts & Fitness: A passionate martial artist who engages in the sport to promote discipline, physical fitness, and mental focus.
- Sports & Networking: Actively participate in various sports, which has helped me build a strong network and enhance teamwork, collaboration, and communication skills.
- 3rd Place - Powerlifting Competition (Chennai District Level, 2021).
