

MOHAMMED NIYAZ M

Data & Process Optimization Specialist

niyaz.0206pvt@gmail.com | +91-6381032928 | Chennai, India | [Portfolio](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

DATA & PROCESS OPTIMIZATION SPECIALIST (SIX SIGMA CERTIFIED) with 2 years of experience at Amazon. Drove operational efficiency by leveraging Python/VBA for automation and applying Six Sigma to achieve 100% quality. Proven track record of implementing system improvements that prevented 10+ monthly SLA breaches and delivered verifiable operational cost savings.

SKILLS

Data Analysis : Power BI, Tableau, SQL, MySQL, Amazon QuickSight, Advanced Excel

Process Automation: Python, VBA, Workflow Automation, Reporting Automation

Methodologies: Six Sigma (White Belt), Root Cause Analysis (RCA), Stakeholder Communication, Cross-Functional Collaboration, Process Control

PROFESSIONAL EXPERIENCE

Digital Operations Analyst - Kindle Operations | Amazon | Chennai, India | 2022 - 2024

Official Title: Digital Content Associate

- Maintained stringent operational quality standards, consistently achieving 100% defectfree output (zero defects) and 110% productivity on high-volume content deliverables, establishing internal process benchmarks.
- Applied DMAIC principles and Python/VBA automation to successfully eliminate 500+ minutes of weekly manual effort in operational reporting workflows.
- Improved SOP compliance to a sustained 95% by developing and deploying monthly Knowledge Management Tests (KMTs) for the 20+ member team.
- Utilized SQL queries to analyze high-priority operational trends, driving data-backed insights for backlog management and capacity planning.
- Led cross-functional process improvement initiatives, collaborating with Engineering teams on 2 major system improvements that reduced defect resolution time by 2 days and prevented 10+ potential SLA breaches monthly.
